

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. * Exclusive of additional Beer and Spirit duties collected for Local Authorities (*see* Table No. 14, p. 34-5).

It will be observed that the net receipts brought to account in the year 1898-9, viz. £ 21,558,227 exceeded the Exchequer Receipts (*see* Table No. 4, p. 9), viz. £ 20,850,006

by £ 708,227

This difference is due to abnormal Clearances during the last few days of 1898-99 on account of:—

(a.) Tea, estimated at	£ 100,000
(b.) Tobacco, estimated at	£ 610,000
Total	£ 710,000

Such clearances were made in anticipation of a possible increase of the duty on these articles. The amounts thus collected in 1898-99, which properly belonged to 1899-1900, were accordingly held over and not paid into the Exchequer until after 31st March 1899.

Exclusive of Local Taxation Licences collected for Local Authorities (*see* Table No. 14, p. 34-5).

Hence the loss is not necessarily the measure of relief to the taxpayer.

 ¶ At the date of inspection.

|| The decrease between 1898 and 1899 is due to the number of men called out in the latter part of 1899 for permanent service. The number so called out form part of the Regular Army, but the increase in the number of the Regular Army, shown in Table No. 107, does not correspond with the decrease shown in Table No. 108, because the average strength of the Regular Army for the year is shown and not the number at a given date, as in the case of the Army Reserve.
 ¶ Includes 2,163 Volunteers.
